Board and nurses haven't met in two weeks

Public Health nurses in Northumberland, Victoria and Haliburton Counties have not yet met with the Board of Health for two weeks.

Keith Tallman, deputy reeve of Monmouth Township and the representative on the Board of Health for the district, said that the nurses claim they will go back to work but will not sign a contract.

He stated that the Board of Health did initiate the lockout which began May 10. Mr. Tallman pointed out that the board is under guidelines from the province and is attempting to follow the anti-inflation boards guidelines. He said that the last offer made to the nurses was slightly higher than the federal governments guidelines.

Mr. Tallman said that part of the problem came when the Peterborough unit settled for a percentage higher than the eight per cent set out by the anti-inflation board. He noted that since that time that unit has been rolled back to comply with the guidelines.

A news release from the Haliburton, Kawartha, Pine Ridge District Health Unit, Local 106 Ontario Nurses' Association states "The public health nurses of Northumberland, Victoria and Haliburton Counties were locked out by their employer, the Board of Health. This was done without threat of strike, a slow down, or other tactics by the nurses."

The release goes on to say that the nurses have been negotiating the renewal of a collective agreement which expired Dec. 31.

"They have been asking for parity with registered nurses in the local hospital, a principle the Board of Health has recognized for many years in collective agreements," the release says.

Marion Tallman, a nurse in the Haliburton County staff, stated that she does not believe a strike is professional. She noted that the nurses want arbitration.

She said that the nurses are now concerned about the swine flu vaccination which they are supposed to administer.

Jean Tyler, another local nurse, said that the chest clinic which is usually held in June had to be cancelled because of the lock-out. She added that a mental health clinic has also been cancelled because the public health nurses are supposed to do the followup work.

Other cancellations include pre-natal classes and the school immunizations and tuberculosis testing for children reaching school age was not completed in May.

Inquest

A coroner's inquest into the death of three people who died when a causeway collapsed at Big Hawk Lake May 23, will be held at the Minden Community Centre or the courthouse Sept. 7 at 10 a.m.

Lindsay man killed

A 76-year-old man was killed Saturday afternoon when he was struck by a car on Highway 35 south of Twelve Mile Lake bridge.

Norman Thomas Bissette, 8 Russell St., E., Lindsay died while attempting to cross the highway when he was struck by a car driven by Christopher T. Hunt of St. Thomas, Ont.

The Minden detachment of the Ontario Provincial Police report that Bissette had a raincoat over his head in heavy rain.

Tornado levels resort camp

Pine Grove Point resort camp near Harcourt is still in the process of being cleaned up after a tornado smashed into the resort Friday morning.

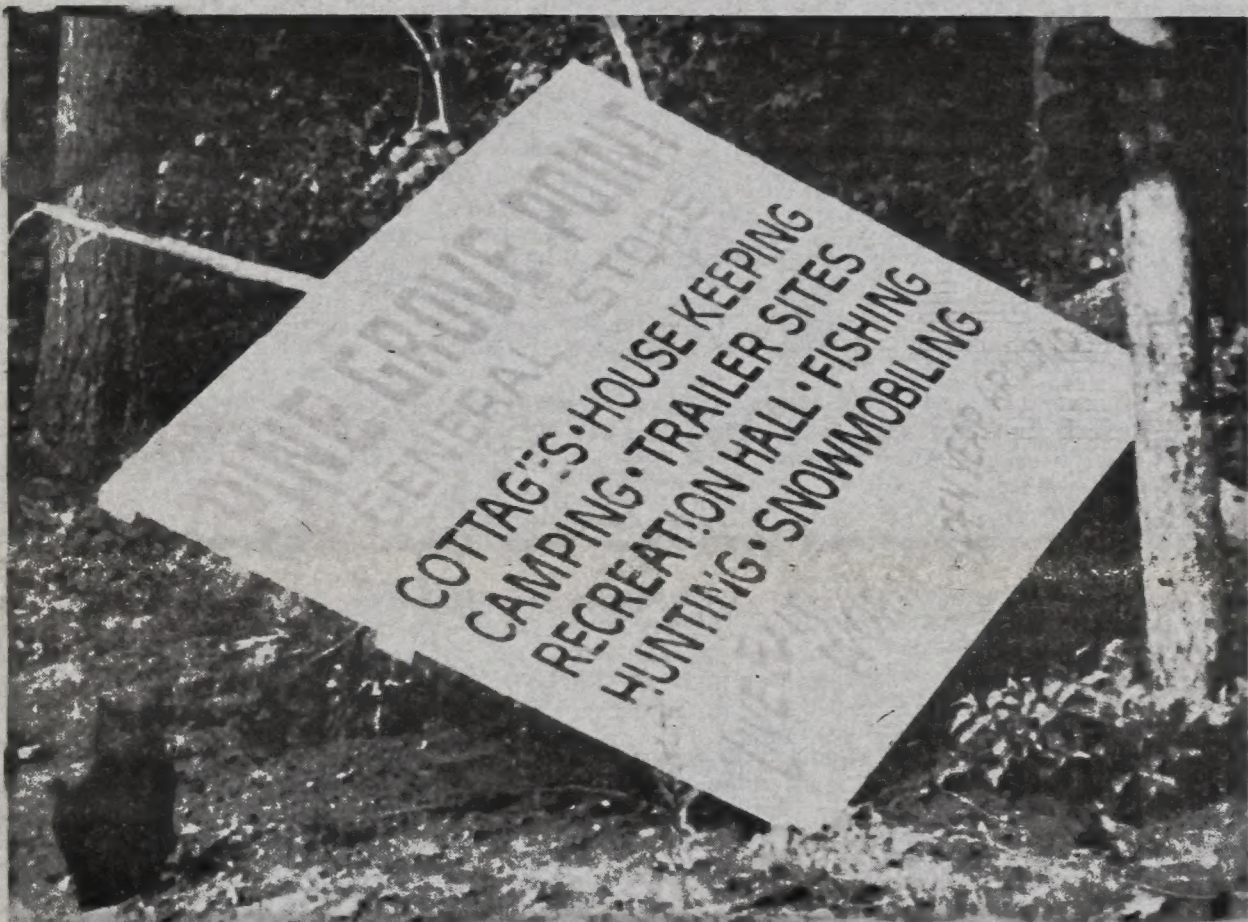

The tornado overturned trailers, damaged buildings and knocked down a number of trees.

There was no injuries although the tornado levelled the camp.

The tornado hit the camp at about 5:10 a.m. and demolished three trailers. There were about 60 people in the camp at the time.

The fallen trees cut electric and water services to the camp as well as blocking roads. Neighbours helped clear the way into the camp with a chain saw.

Mrs. Jack Atkinson, operator of the camp along with her husband said, "It is a miracle that no one was killed."

Sign tells the story

Trailers at Pine Grove Point were the hardest hit when a tornado struck the camp early Friday morning. Mrs. Joseph Atkinson, owner of the camp said she is thankful that there were no

injuries. The tornado cut a path through the camp knocking over trees, damaging buildings and rolling over trailers. The camp is located near Harcourt.

Six injured in two car accident Friday

Six persons were injured in a two car accident Friday night on Highway 35 north of Minden.

Injured were Alexander Reeves, 49, of St. Catharines, the driver of one of the vehicles, Catherine Reeves, 50 also of St. Catharines, a passenger in that vehicle, James Kernohan, 48 of Burlington, Peral Kernohan, 45, of Burlington, Allan Ljunggren, 47 of Burlington and Kim Drage 17, of Mississauga. They were passengers in a vehicle driven by Gerald Kernohan, 20, of Burlington.

Ljunggren was taken to Ross Memorial Hospital in Lindsay. The rest suffered cuts and bruises and were taken to Minden Hospital.

There was \$2,000 to the Reeves vehicle and \$3,000 to the car driven by Kernohan.

A single car crash Thursday afternoon sent five people to Haliburton Hospital with cuts and bruises.

Injured were Danny Davidson, 21 of Norland the driver of the vehicle, Cory Shepstone, 15, Susan Jennings, 16, both of RR 1 Kinnmount, Patrick Zeus, 18, and Allen Bacon 15, both of Kinnmount.

There was \$2,000 damage to the vehicle which rolled over while rounding a curve on Highway 519 south of Haliburton.

One person was injured in a two car accident Sunday night on Percy Lake Road.

Wilfred Filman, 43, of Haliburton Lake received bruises when the car he was driving collided with a

vehicle driven by Martin Garland, 48, of Weston.

There was \$500 damage to each vehicle.

Garland has been charged with impaired driving.

John Toye, 33, of Minden, received cuts when the car he was driving veered off of Highway 35 early Sunday morning.

The car received \$850 damage.

An accident Saturday afternoon on Highway 35 at Hawk Lake Road resulted in \$3,000 damage to a car driven by George Hunt, 63, RR2 Minden and \$800 damage to a van driven by Lockie Hughes, 18, of Minden.

Both vehicles were south-bound on the highway at the time of the accident.

Two persons were injured in a two car accident Saturday afternoon on Donald Road.

Injured were Ruper Brook, 44, of Buffalo and Marian Brook, 40 also of Buffalo. Mr. Brook was the driver of one of the cars.

The other car involved in the accident was Glen Lancaster, 46, of Bay City, Michigan.

There was \$750 damage to each vehicle.

The injured received cuts and bruises.

A two vehicle crash Aug. 11 on Highway 35 south of Twelve Mile Lake bridge sent the driver of one of the vehicles to Ross Memorial Hospital with cuts and bruises.

Injured was Pierre Morisette, 28, of Earlton. The driver of the other vehicle

was Anthony Marasco, 52, of Burlington.

There was \$800 damage to the Marasco vehicle and \$3,000 to the tractor trailer driven by Morisette.

OHA head sees more cutbacks

Ontario Hospital Association Director, R. Alan Hay, today warned that many hospitals across Ontario will be forced into further staff and service cuts this fall as a result of the Provincial Government's cost constraints.

In a statement prepared for release today, Mr. Hay said, "I am appalled that with seven months of the year gone, hospitals are only now being notified by the Ministry of Health of their 1976 budget allowances. What is worse", said Hay, "is that most hospitals are finding they will have less money for services and staff than the Ministry had previously led them to expect."

"Earlier this year", said Hay, "hospitals were told they would be permitted budget increases over 1975 equivalent to 8 per cent more for employee costs and 10 per cent more for all other supplies and services. When the government came to add up the bill, however, it obviously decided it was too high. As a result most hospitals are now being cut back."

"The lateness of the government's decision to change the groundrules means that hospitals may find that for seven months they have been spending money they aren't going to get. A 1

per cent reduction slices hundreds of thousands of dollars out of the patient care programs of bigger hospitals. It becomes much more serious when you only have five months left in which to make a full year's saving. The Ministry has itself acknowledged that difficulty by saying that hospitals can take some of the money out of next year's budget if necessary", he said.

"We won't know how adversely these cuts will affect services across the province until each hospital has been able to assess what its own budget allowance will permit. Recent province wide wage settlements with service-worker unions, still to be approved by AIB, and upcoming negotiations with the nurses' union, will also have to be considered by each hospital. Some have already told us they will have to reduce beds and staff."

"There are early indications as well from some hospitals that cuts in out-patient funds may force them to tell their physicians to make still greater use of private commercial laboratories for out-patient tests. If that happens the extra cost to OHIP and the taxpayers is certain to be far higher than any savings squeezed out of hospital out-patient budgets, and that doesn't make any

sense at all to me.

"Our Association is also hearing that a number of hospitals, particularly in the north, are being faced with heavy cuts in ambulance

funds and frankly I don't know what that might mean for services to people living in those communities," he said.

News from Extendicare

by Charles Plewman

Wednesday the 11th commenced with a drizzling rain which happily soon changed to sunshine. Our bus load arrived at the Boy's Camp around 11 a.m. John R. Latimer, the Director, met us at the entrance and extended a warm welcome. The camp is located on Highway 35, some 6 miles south of Minden. While the physical limitations of some of the residents made it difficult to visit large areas of the camp, all were able to get down to the waterfront and see the boys skimming along in sailboats, gliding by in canoes and swimming and diving at the point. Seven or eight of the more adventuresome went for rides in the camp's power motorboats. Extendicare provided us with a nice picnic lunch which was served by Kilcoo and the Centre's staff. Mrs. Pat Burk, Mrs. Miriam Lewis, Mrs. Gail Medcalf and Mrs. Lorna Hogg found this to be a hot job in the sun and cooled off by dangling their feet in the water at the dock. The whole scene was a lovely change for the in-door life at the Centre. Kilcoo's staff were also very helpful in assisting wheelchair residents to move around over uneven ground. Mrs. Miriam Lewis was in charge. Resident Stuart Belisle helped in the chores.

Taxpayer wants recreation for Ingoldsby residents

A taxpayer in the Ingoldsby area of Anson, Hindon and Minden isn't too happy about the amount of taxes he pays and a lack of recreation facilities in his area.

In a letter to the municipal council, Gerard Feltham stated, "I realize that is is notorious for one to consider his taxes too high. However, I suspect that if an assessment on my property along with certain other properties in this township, and certainly when compared with those of other townships in Haliburton County, a gross inequity would be found. Still year after year this apparent unfairness continues."

Mr. Feltham the "old resentment arises" that the people in this area are paying extensively for certain services in Minden "Which are of little benefit to many residents of the more distant, rural area."

He suggested, that there would be some consolation if there were some recreational facilities, such as tennis court and ball park "for the many young and older

persons in Ingoldsby."

"As it stands, there is practically nothing available (other than the educational system and an inadequate road) to make the use of the taxes look apparent in this immediate area," he said.

Mr. Feltham's letter went on to say that new comers find a lack of community spirit in Ingoldsby apparent.

"Perhaps the availability of public facilities in this

vacinity would develop a greater sense of belonging for both the old and new residents and among the permanent and temporary residents," he said.

Mr. Feltham stated, "Please let's face it! The Minden and/or Haliburton facilities will not bring a feeling of unity in the Ingoldsby community."

Richard Parisotto, clerk administrator of the muni-

cipality, said that attempts have been made in Ingoldsby before to try and get some recreation facilities going. He pointed out that the Minden Community Centre is used by residents of Ingoldsby.

Mr. Parisotto, clerk administrator of the municipality, said that attempts have been made in Ingoldsby before to try and get some recreation facilities going. He

pointed out that the Minden Community Centre is used by residents of Ingoldsby.

Mr. Parisotto noted that not all of the recreation areas in Minden were built by the municipality and pointed out that the tennis court was built entirely without municipal funds. He said that the citizens of the area can help by getting some kind of organization to start planning projects of this nature.

A letter will be sent from the council to Mr. Feltham explaining that the community will have to get involved in this type of project.

Skier takes second

Jim Bush of the King Ski Club at Grass Lake, West Guilford, took second place in the senior men's overall event at the Ontario Novice Championships hosted by the Lancaster Water Ski Club on Chemong Lake near Peterborough.

He received a silver medal in the trick event and a bronze in the jumping event.

This earns him the right to compete in the Ontario Summer Games slated for Ottawa on the Labor Day weekend.

Fourteen overall winners in separate categories also advanced to the Ontario Summer Games. These skiers are all sponsored by the Ontario government who will provide them with transportation, accommodation and meals while competing at the games.

Christopher Sutton, another member of the King Ski Club won a gold medal in the men's slalom competition.

Boice wins tournament

Rex Boice, of Haliburton, took top spot in the Boice Motor Sales Golf Tournament held at Beaverbrook Golf Club in Minden.

Bob Woodcock finished second and Jim Wilson was third. The consolation prize went to Gerald Griffin.

Eighteen golfers teed off for the tournament.

Peterborough, Ontario, Canada, is the home of the beautiful "Bandit"

Many diligent hours of design engineering have been concentrated on "Bandit's" hull displacement, mast-sail relation, downhaul and sheeting, creating an extremely light, fast and stable boat. The roomy cockpit area carries up to four people safely.

The very finest quality of hardware, fiberglass and sails have been chosen so as to assure you of complete pride and satisfaction. I ask you to sail "Bandit", hoping that you will join those of us who require performance, excellence and beauty of design.

Time for police action on noise

Some of the citizens of Haliburton are complaining about the fact that they are finding it very hard to sleep at nights due to the screeching of tires on the Main Street and on the side streets in the village.

The drivers of the vehicles making this noise have been at it most of the summer and it seems that you can hear it morning, noon and night.

These drivers who are making a nuisance of themselves must have lots of money to keep tires on their vehicles, as they leave most of the rubber on the pavement.

It's just a wonder that someone isn't killed with some of the speedsters going up and down the street at high rates of speed applying their brakes and screeching their tires.

In our opinion it's just about time that the Minden Detachment of the Ontario Provincial Police stepped in and start fining some of these violators of the law or possibly on the other hand taking away their licences. Enough is enough and it's time for some action.

We understand that the Municipality of Anson, Hindon and Minden are thinking of bringing in an anti noise by-law, it's just about time that the council of the Municipality of Dysart et al went the same route and bring in this by-law.

Rotarians

This week we would like to take our hats off and congratulate the Rotary Club of Haliburton for the fine job they have done in the community both in the past and at the present.

We have a great many things in Haliburton for the benefit of the community that would not have been here if it hadn't been for the all out effort of the local Rotary Club.

Many of the great things being done by this club, at times go unnoticed, but we would just like to point out just a few of the projects that have been completed by this Rotary Club. In other words they have spent thousands of dollars here.

Here we go. Railway engine and Sam Slick Park near The Haliburton Highlands Secondary School. Floodlights at the ball park, substantial donations to both the Haliburton Arena and Red Cross Hospital, Rotary Beach and park, new double tennis courts at Rotary Beach. We could go on and on, as these are just a few of the outstanding projects that come to mind.

Besides the local projects we must not forget the wonderful work the club has done up through the years with crippled children and it does our hearts good to see the many children helped by the club.

The Rotary Club Motto is service about self and every member of the club are giving free of their time to help the cause, so that they may help others.

Just look around, and you can see what is being done, so the next time that you can give the Rotary Club a hand, don't hesitate to do so. It will pay off in the end.

Letters to the editor

Editorial not strong

Dear Sir:

Your summer over editorial of July 28 is not strong enough to stir a lethargic closed society into action.

Tourist operations are stifling the trade with outdated conveniences and unwarranted rates. One can travel the northern New York and New England States and find comparable lodging for half the rates.

It is accommodation at reasonable rates that must occur if winter tourism is to develop. The sites already exist. East of the park overlooking the village are slopes that could carry skiing, tobogganing and winter sports no end. Family accommodations is the requisite.

Your tradesmen are out for the kill, Soak the tourist. An elderly couple get billed at \$18. per hour for general repair. One gets a piece of glass. It's poorly cut and for used material the top price is levied. They half complete a job and let you sit and sit.

There is a smug attitude where outsiders are concerned. Set up a needed venture and opposition is promptly set up. Of course that is GOOD. Very GOOD.

I travel to my relatives abode on Haliburton Lake, slowly winding my way through the village over rough and crooked streets. There should be a

by-pass. No business would be lost for one cannot find parking space on a two-by-twice main street.

James Gairdners
Toronto

Flag is missing

Dear Sir:

I recently returned from a three week holiday in the Highlands and my family and I enjoyed ourselves as we have during the prior five years we have vacationed in an area lodge.

This year I noticed that the town hall had received quite a face lift, including a covered walk. However, to my dismay, I noticed that the display of flags had been curtailed to one and that being the national flag. For some reason the flying of the Ontario flag has been eliminated at the town hall.

Most municipalities in Ontario and other provinces, fly the national flag and their respective provincial flag. Municipalities which have their own flag fly it along with the other two. Ajax, Pickering, Toronto, Oshawa and Scarborough are but a few examples.

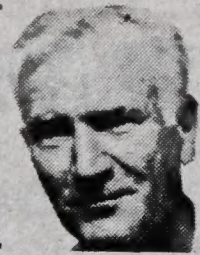

In any event, it seems unusual and inappropriate for the town hall to eliminate the flying of the Ontario flag and hopefully your office can check into this and respond in your paper which I enjoy reading very much.

Allan Lambert,
Scarborough, Ontario

Montreal's games

©The Argyle Syndicate Ltd.

Bill Smiley

Most readers of this column are quite aware of my attitude toward the Montreal Olympic Games. And I am sure that many of them have put me down as a spoil-sport, a wet blanket, a niggling critic of a glorious event.

Not so, please. If you have read with care my ferocious attacks on the Games, you'll have noticed that I wasn't knocking them, or the athletes.

I am a red-blooded Canadian as the next guy, and I groaned when the Canadians came last in the boat race, and I cheered when a Canadian scrambled to a second or third or fourth. And I almost wept when one of our beautiful little gymnasts tottered and fell off the bar.

What I was smiting was the chauvinism, the hunger for power, the utter immorality that lay behind the acquisition of the Games by Montreal.

Montreal needed those Games about as much as I need an amputation of my right leg. And the results will be somewhat the same. The city will be crippled for half a century because it wanted to hold a two-week party for the whole world. Chauvinism.

Hunger for power? Maybe that's the wrong phrase. More like a hunger for the limelight, a yearning of some sort of immortality (maybe lasting 30 years?) on the part of the arch-promoter M. Drapeau.

During the games, many critics softened up quite a bit on Drapeau. Through no virtue of his, the Games wallowing in problems, had been scotch-taped together at the last minute by the government of Quebec, and the official opening was magnificent, veiling the fantastic debt His Worship had built up.

Even hard-boiled reporters were suggesting we'd been a bit rough on Drapeau, that after all, he had the vision, the tenacity, to pursue his dream, and that we were all cashing in on it.

Afraid I don't go for that jazz. That's like saying that Napoleon, who bled France dry, physically and financially, was, after all, not a bad little chap, that he meant well, that he didn't really mean to lose half a million men in the retreat from Moscow, that his wife, Josephine, didn't understand him, and that his family was greedy.

Nuts. He did it for La Gloire. and So did Drapeau. The major difference between them is that Napoleon had to face only the English, the Prussians, the Poles and the Russians. Drapeau had to face the trade unions. Beaucoup formidable!

Well, let's get back to the Games themselves, before I turn puce, which is what I do every time I think of 72,000 people cheering athletes while the raw sewage flows out of Montreal into the St. Lawrence.

All hail to the athletes! We may be greedy when it comes to making a buck - as witness the federal government's knee-jerk to China, with visions of big wheat sales dancing in its puny head.

But when it comes to winning Olympic medals, Canadians are certainly among the least greedy nations in the world. We are so hospitable about letting other countries grab the medals that it is almost embarrassing.

And that's the way it should be. The important thing about international games is - or should be - doing your absolute best. And that's what Canada's young representatives did. My heart, and I'm sure yours, was right in there thumping away with them, whether they were finishing fourth or 14th.

One of the things that really bugged me before and during the Olympics was the crassness of sports writers. Now, admittedly, this is a species not known for its sensitivity, but the crudeness

this time was simply too much.

Canadian sports writers, on the whole, are pale imitations of their U.S. counterparts. Most of them are not, as they should be, extremely knowledgeable about the sport they are writing on. They are far more interested in times, statistics and medals than they are in the human drama of the Games.

It's no wonder that Canadian athletes rapidly become disenchanted with the press. When an athlete is "up" even exceeding what he or she has ever done before, jock writers are dreaming about medals. When an athlete has a bad day or a bad race, the jocks subtly suggest that he or she has "let Canada down."

Every single and solitary athlete in the Games, Canadian or otherwise, did the very best he or she could do at that given moment. And that's what it's all about.

After saying all that, I must admit the CBC did a splendid job of covering the Games. Their commentators were no more partisan than human nature would excuse, and they kept the focus on the athletes, where it should be.

How strange to read a TV columnist, who was almost white-lipped with anger because the television commentators were not excoriating Canadian athletes who "did not live up to promise." What a jerk!

Oh, well, it was a great party while it lasted. Now the caterers must be paid. If you are driving along beside the St. Lawrence River next summer, and notice that the water is a rusty brown, rather than blue, don't be alarmed. And don't think it is merely the usual human excrement from Montreal. It is, but added to it is a healthy infusion of the blood of Montreal and Quebec taxpayers.

Dysart receives \$13,208 grant

The township of Dysart et al has received a Ministry of Housing grant for \$13,208 to assist in preparing zoning bylaws and planning for the area.

This brings the total in grants to \$18,208 for the official plan and zoning bylaws.

Wayne Woods, clerk-administrator for the municipality, said that about \$70,000 has been spent on the planning study since 1966 which brings the municipalities share to about \$50,000.

The \$13,000 is part of \$67,284 given to 12 Ontario municipalities and planning areas.

"The grants are designed to assist municipalities and planning boards in preparing official plans and zoning bylaws or in bringing these up to an acceptable level," a release from the ministry states.

The release points out that the funds can also be used to prepare zoning bylaws to replace minister's zoning orders, to finance planning programs for unorganized municipalities or for other relevant planning studies.

"These grants are allocated as part of the ministry's objective to help municipalities and planning areas prepare sound planning programs," the release says.

The grant to Dysart et al is the largest handed out in this group. The Seven Links Planning Area (townships of Asphodel, Dummer and Belmount and Methuen) received \$13,095.

Mr. Woods noted that the zoning bylaws should be completed by late this year or early 1977. The official plan for Dysart was completed last year.

Road problem at 12 Mile Lake

Residents and cottagers on the west side of Twelve Mile Lake have found a road in that area not quite to their liking.

Gull River flow is down slightly

During the week of August 6 to August 13 the flow from the Gull River was decreased slightly while on the Burnt the flow was increased slightly through the week. This was to bring the two watersheds more into line with each other, giving more even percentages.

Work is continuing at the Norlan Dam, while a chain-link fence will be installed on the upstream side of the Coboconk Dam as a safety feature. Also a log boom will be placed in front of the dam similar to others placed in the Reservoir Lakes.

A new gauge to record the flow is going to be placed near the Village of Maple Lake. The gauge will be a housed in an ornamental block building to blend in with the surrounding area.

There have been occurrences lately of unauthorized people operating dams on the Reservoir Lakes. This is a very serious situation, because when logs are placed in the dam to raise the level of the lake above, the level of the lake below is lowered due to the lack of inflow. This creates hazardous conditions and inconvenience not only to the water control program, but also boaters, water-

systems and boats tied to docks.

Persons can be charged under Canal Regulations and anyone aware of unauthorized operation of a dam should contact the police in their own area immediately.

liking.

A letter from M.N. Skinkle, a cottager at the lake, to the Anson, Minden and Minden council stated, "It would appear that the road through Hart Lodge i.e. the old Minden-Carnarvon Road is to the major access to the West 12 Mile Lake Road."

"This road is full of pot holes and urgently requires fill and grading to bring it to the township standard. The grader worked on the road yesterday, however it was impossible to fill the holes in this manner and by nightfall the potholes had returned."

A letter from Mr. and Mrs. Bernard Lee, who live in the area stated that their taxes are being paid in protest.

"I realize that taxes are necessary to maintain schools, municipality streets, roads, lights, administrative wages and equipment. However, I feel that after being a resident of nearly 20 years I feel that we have been short changed in the administration given to the residents on the west side of Twelve Mile Lake area," the letter said.

The council decided to have the road graded.

Timbrell predicts election within nine months

Dennis Timbrell, Ontario Minister of Energy, predicted in Lindsay last week that there will be a provincial election within the next nine months.

He also predicted that the next election would be a battle between the Conservatives and the New Democratic Party, not the Liberals.

"The Progressive Conservatives or the NDP will be the next government of Ontario. We have to make that very clear so that people will have a clear choice," he said.

Mr. Timbrell went on to say that the people will have to choose between the social form of government offered

by the NDP and the Conservative party which stand for individual rights and worth.

Mr. Timbrell also met with a delegation of about 15 farmers at the Ontario Government Building in Lindsay to discuss their concerns about a 120 foot wide right of way for a hydro line which is proposed to run from Beaverton to Lindsay.

At a news conference later Mr. Timbrell said that the farmers are concerned about the amount of money they would get for their land and to have alternative routes explored.

He said that the farmers suggested that an abandoned CPR railway line be used instead of the presently

proposed CNR line.

The proposal calls for construction of a 230 kilovolt line for about 20 miles at an estimated cost of \$500,000 to \$600,000.

Students learn in Experience 76 program

For 27 Haliburton County area students, the summer of 1976 will not soon be forgotten, it proved to be a time of learning and working.

The 27 students participated in the Experience 76 program which offered them summer employment and the opportunity to do something constructive for the community.

This year the students worked under the direction of

the Ministry of Natural Resources and for the municipality of Dysart.

The students, 10 girls and 17 boys, worked at cleaning parks, making boat launches and building parks as well as cutting trails, such as one which can be found at Indian Wells.

There are 12 college university students, who will continue to work for about another week and 14 high school students who finished

last Friday. The program has one supervisor.

The college and university students started to work May 25 while the high school students got into the swing of things on June 22.

The program was set up with three work crews under the supervision of a foreman in each group. Two of the foremen were boys while one was a girl.

The students in the program ranged in age from 17 to 21-years-old.

Report from Queen's Park

by John Eakins
M.P.P., Victoria-Haliburton

In the early part of June the Provincial Government announced that approximately 180 Ontario communities would be ordered to shut down their arenas permanently because these facilities were too dangerous to use. An additional 120 communities were expected to be prohibited from opening their arenas in the fall unless structural repairs were made. It was anticipated at that time that many of these latter arenas would have seen their last hockey game also, because major repairs often cost as much as a new building.

Reports indicated that probably Northern Ontario would be the hardest hit area, and that of the 360 arenas still to be inspected, some 300 would be ordered to close or make repairs. However, if such was the case, then better planning by the Ministry should have taken place to ensure that four arenas in the Victoria area were not all closed at once; namely, Little Britain, Oakwood, Woodville and Sunderland. If, as the Ministry states, that arenas more than ten years old are not safe, then where were the Ministry of Labour Officials when these supposedly unsafe arenas were built? Just because they now do not meet National Building Code standards, does not necessarily mean they are suddenly unsafe. Government officials maintained that warnings about unsafe arenas had been issued since 1969-1970, but that these had been virtually ignored by municipalities.

Labour Minister Bette Stephenson made it quite clear to the Legislature that the provincial government will not back down from directives ordering arenas closed for safety reasons, and denied charges that the government had been heavy-handed in dealing with this matter, since the municipalities had been warned on a number of occasions that arenas were unsafe because of

structural deficiencies in their roofs. She said that in most cases arenas would be permitted to remain open until October 15 for summer activities, providing they were capable of withstanding a certain wind stress. In addition, she pointed out that the Province's Industrial Safety Act was changed in 1975 to give the government the authority to close arenas which did not meet safety regulations.

Virtually all the unsafe arenas are more than ten years old, and the majority of them date back to the late 1940's, at which time the Federal Government offered grants to communities wishing to build centres as memorials to the war dead. Many were built to a design intended for the almost snowless conditions of South Carolina, a design originated before engineers learned about technology which takes into account uniform and non-uniform snow loads. It is now known that building are subjected to three main forces - their own "dead" weight, balanced or unbalanced snow, and wind stress.

In the months since the Government's announcement about the closing down of community arenas, there has been a great deal of discussion on the various methods of financing the necessary repairs to enable the arenas to remain in operation. Communities are faced with the prospect of raising hundreds of thousands of dollars or losing the use of their arenas. Wintario funds are being sought by municipalities, community centre grants are being applied for, support is being given by the general public and various sports organizations.

Some communities have found themselves in the very difficult position of attempting to pay off enormous debts incurred by improvements and alterations to arenas, which they will be unable to continue to use, unless they raise even more money to carry out the repairs and changes which are needed to bring the arenas into line with the government standards now being imposed.

There is considerable confusion about the Provincial Government's intentions with respect to financial assistance for communities wishing to bring their arenas up to standard. Treasurer Darcy McKeough ordered a clampdown on funds which may be borrowed for rinks and arenas, whilst Culture and Recreation Minister Robert Welch has approved grants of Wintario funds for these facilities. At one point the Ministry of Culture and Recreation announced that 25% of the cost of arena renovation would be taken care of, and Wintario would pick up one-third of the remaining costs.

Communities have launched fund-raising drives, and everything possible is being done to ensure that arenas remain in operation. Some municipalities feel that without more assistance from the Provincial Government, it will be virtually impossible to cope with the financial problems of bringing arenas up to standard. In some areas, the new government regulations - for snow load especially - are considered to be unrealistic in view of weather conditions and recorded snow levels for the region.

In our rural communities especially, the arena is the central location for much of the social life of the area. Hopefully, the Provincial Government will realize the importance of doing everything possible to assist communities to keep their arenas in operation.

See you next week

H.A.R.C. News

Gary Pasternak has been elected president of the Haliburton Area Radio Club.

Other executive members are John Briggs, vice president; Evelyn Brooks, secretary treasurer; Rob Gow, publicity chairman; Mary Briggs, ways and means chairman; Jack Pripp, coffee break chairman and Reg Brooks search and rescue chairman.

Since June 13th, the new executive has held two meetings. We realize that a good number of H.A.R.C. members are business people of the communities and so general meetings were curtailed for the summer months.

Being a club that sometime in the future hopes to have equipment that a well functioning Radio Club should have, the executive decided to launch two projects for the summer months which involved everyone who wishes to participate.

The one project is a daily endeavour until Sept. 18th. A decanter container of coins has been on display at two businesses in Haliburton and will be at other business premises in the remaining weeks. Anyone is invited to enter the guessing contest for 25 cents per guess. The object is to guess the total amount of money in the container, and win the container and contents. The winner will be notified on Sept. 20th.

We were most pleased to receive permission from The Royal Canadian Legion, Branch 129, Haliburton, and the Rotary Club of Haliburton, to set up a table at their carnivals for this project. We heartily thank them.

Our other endeavour is a Euchre Card Party. This has been held at the Orange Hall in Haliburton, and everyone who likes to play Euchre, is invited to come. One does not have to be an expert at the game to play. This is a fun evening. They are held every other Thursday at 8:30 p.m.

Our Ways & Means Chairman has called upon members from time to time to provide sandwiches or cakes, or cookies for refreshments at the card parties and we sincerely thank these ladies. Some of the Junior members have come in to help serve the refreshments and this is greatly appreciated. Our prizes have been donated by the following:

Shamrock Shell Service, Vary's Jewellery & G. Garf's Taxi, Halbright Markets, Mike's Milk Haliburton, Emmerson Lumber, Elstone Motor Sales Limited, Haliburton Lumber, Curry Motors,

Bruce's Barber Shop, Cordell Carpets, Sportown, Boice Motors, Haliburton Shoe and Tack, Buck's Barber Shop, Haliburton Marine, Arrow TV & Communication, Headhunter, Lakeshore Marine, Stedman's, Pollards, Dominion Department Store, Black's Hardware, Bernsteins, Easton's Grocers Limited, LaRue Motor Sales, Cauldron Pharmacy, J & K Office Supplies, The Ol' Barn, Brohm's Variety and Hilltop Market.

The Haliburton Area Radio Club executive, on behalf of its members, would like to express our sincere gratitude and thanks for your donations. They have helped to make our card parties a success.

The winners of our first Euchre Party held on July 2nd, were: Men's High Les Schell; Ladies High - Loretta Henderson; Most Lone Hands - Amy Wensley; House Low - Reg Brooks; Kitty - Amy Wensley; Door Prize - Don Curry.

The prize winners for July 15th were: Men's High - John Briggs; Ladies High - Amy Wensley; Most Lone Hands - Gord Fellion; House Low - Greta Curry; Kitty - Charlie Shaw; Door Prize Ivan Blackburn.

On July 29th, the winners were: Ladies High - Irene Higgins; Men's High - Clifford Smith; Most Lone Hands - John Briggs; House Low - Gladys Ridgwell; Kitty - Liam Rinne; Door Prize - Amy Wensley.

The winners of the card party held on August 12th were: Ladies High - Lynn Frankland; Men's High - David Bishop Sr.; Most Lone Hands - David Bishop Sr.; House Low - Stephen Brooks; Kitty - Adelle Hann; Door Prize - Clifford Smith.

Our next Euchre Card Party will be held on August 26th.

In the past few months all paid members have been sent letters and application forms. The secretary requests that members who have not returned the application forms to do so as soon as possible so that the membership files will be completed. There are still a good number of them out.

It might be noted too, that if any member knows of or hears of someone interested in becoming a

member of H.A.R.C., please forward the name and address to the secretary, so that the party can be contacted in regards to joining.

That's all the news for now. 73's and 88's to all G.R.S. operators and it's nice to hear Channel 09 is being kept clear as a Call Channel and Emergency Channel only.

THE

Ad features air growing machine

Editor's note: The following story was taken from the Minden Echo and Haliburton Recorder from near the turn of the century. The paper was given to us by Mr. and Mrs. G.L. Schrader of Oakville. The Schrader family has a long history in Haliburton County.

Haliburton County had some bustling communities around the turn of the century and a great deal of what life was like back in those days can be found in a old copy of the Minden Echo and Haliburton Recorder dated Aug. 16, 1907.

The Echo featured a number of advertisements on the front page including this one for the Dominion Hotel. "The Proprietor of this Well-known hotel wished to inform his friends and acquaintances and the public that since he has rented this house he has made it both internally and externally suitable to all who may favor him with a call. Good Sample rooms, large and commodious, stabling and store hours. A well kept table, meals to be had at all hours. The bar well supplied with Wines, Liquors, Ales and Cigars of the best quality." the proprietor of the hotel at that time was John J. Mortimer.

The Minden Hotel, Albert Jones proprietor carried an ad right above the Dominions which read "This House has been completely renovated and furnished in first class style. Rates \$1.00 a day.

Other advertisers on the front page of that edition of the Echo included Enterprise Store which featured rakes, forks and the Celebrated

English Grain Cradle along with binder twine which was selling for 60 cents for 500 feet, the Bank of British North America in Fenelon Falls and the Sterling Bank of Canada in Minden.

Among the more interesting stories on the front page was the opening of St. Peter's Church at Maple Lake.

"Wednesday Aug. 11th was a day of heartfelt thanksgiving for the people of Maple Lake, for the opening of the church. It marked the successful end of many months of faithful work and self-sacrificing efforts. The service began at 2 o'clock when a good congregation assembled in the new building now set apart for the worship of God. The Rev. J.E. Fenning preached the special sermon, which was full of good practical suggestions for the upbuilding the spiritual life. After service a picnic was held when speeches were made by Rev's Rural Dean Ahlbold, J.E. Fenning and F.H.B. Carey. The building is substantially built of stone and is well fitted up inside. It is most satisfactory to know that only \$40 remains to be paid off to clear the church of debt. Too much praise cannot be given to all those who have been concerned in the work from its inception," the story read.

The Elsie School, Section No. 4 Minden was planning to hold its annual picnic at Horseshoe lake Aug. 23. The story noted that there would be racing swimming and boating. Admission was 25 cents for adults and 15 cents for children for each meal.

"Proceeds for new seats for school," the story noted.

Catchy headlines were used to signify the various columns including Haliburton Happenings, Dorset Doings and Kinmount Kernals.

Gorrie's Department Store took a prominent spot on one of the inside pages of the paper. The spot purchased though came over as a little more philosophical then advertising.

The ad read, "Gorrie's Department Store, Is Life Worth Living? Why Yes; How?

"Don't Worry, buy what you want whenever it is handy, don't fret yourself to death wondering if you have paid too much for it. Did you ever see the man yet any better off who goes around worrying himself to try and get the cheapest?--The but cheapers look at the well-to-do man who drops in to his friends place of business, get his goods and passes a pleasant good day when he leaves and see what a world of contentment he shows in his face.

"But this is away from my biz.

"That car of SALT is nearly all gone, another soon.

"Now we clear our SUMMER MILLINERY at about half the price.

Its Bumper Bargain Week next and the one following.

"Gorrie's Department Store, Haliburton."

Probably the most interesting advertisement in the paper was the Evans Vacuum Cap which was described as a remarkable invention for the Culture of Hair.

"The Evans Vacuum Cap

is a practical invention constructed on scientific and hygienic principles by the simple means of which a free and normal circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and is no drugs or chemicals of whatsoever kind or employed there is nothing to cause irritation. It is only necessary to wear the cap three or four minutes daily," the ad read.

Along with the machine came a 60 day free trial, which makes one wonder how many times money was refunded.

The Vacuum Cap came well recommended. "The eminent Dr. I.N. Love, in his address to the Medical Board on the subject of loss of hair stated that if a means could be devised to bring nutrition to the hair follicles (hair roots) without restoring to any irritating process, the problem of hair growth would be solved. Later on when the EVANS VACUUM CAP was submitted to him for inspection, he remarked that the Cap would fulfil and confirm in practice the observations he had previously made before the medical board.

"Dr. W. Moore, referring to the invention, says that the principal upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable," the advertisement read.

Haliburton Highlights

The Canadian National Exhibition is now on in Toronto. This means that the local tourist season is drawing to a close.

It was good to see our good friend Dale Robertson home for a vacation. Dale is employed by Maple Leaf Gardens in Toronto.

Two of the lights on the main street are still not working. One is near the Bank of Montreal and the other in front of the Kosy Korner Restaurant.

Gary Burk of Haliburton was the guest speaker when the Brotherhood of Anglican Churchmen held their monthly corporate Communion and Breakfast at St. Margaret's Anglican Church at Wilberforce on Sunday.

Sunday was Decoration Day at the Evergreen Cemetery in Haliburton. We were certainly pleased to see that the local cemetery is being kept in a very clean and neat condition.

We would certainly like to see floodlights installed at the tennis courts. Many tennis players tell us that they would enjoy playing in the evening.

Bob Colliver of the Haliburton Highlands Secondary School who took part in the Montreal Olympics was telling us the other day that he got a bigger kick by attending the Olympics for the disabled.

It won't be too long now before the improvements to the Highland Street Bridge will take place. This is for paving and the construction of curbs, gutters, catch basins, guard rails and sidewalks. Paving will be under separate contract.

The Blakley Singers will be in the Haliburton Area at the Haliburton Highlands Secondary School on Friday, August 27th and Saturday, August 28th at 7:30 p.m. Sunday services at the Allsaw Pentecostal Church at 11 a.m. and 7 p.m. Don't miss this outstanding musical group.

Rick Poole of Haliburton, is now employed by the Haliburton Pharmacy.

The Road Show Theatre Company will be presenting its final play of the summer Theatre at the Haliburton Highlands Secondary School on Monday, August 23rd. The play will be The Last of the Red Hot Lovers!

While on the subject of lights some of the strings of lights on the main street need some new coloured bulbs.

The Vacation Bible School opened for registration at the Lakeside Baptist Church on Monday morning.

Mrs. Heather Gardiner was the guest speaker at last week's meeting of the Haliburton Rotary Club. She spoke on the subject of the County Library System.

Anson, Hindon and Minden

The sixteenth meeting of the Townships of Anson, Hindon and Minden was held in the Council Chambers of the Municipal Building on Wednesday, August 11, 1976 commencing at 9:00 a.m.

Reeve Reg Booth in the Chair
Present: Deputy Reeve Doug Pritchard, Councillors, A. Coneybeare, R. Gorrie, H. Johnson.

Richard Parisotto, Clerk-Administrator, Earl Kent, Road Superintendent, Richard Schell, By-Law Officer.

Adoption of Minutes
76-235
H. Johnson-A. Coneybeare: That the minutes of the meeting of July 23, 1976 be approved. Carried.

Tax Registration
Report was received from the Clerk regarding Tax Registration on properties. It was noted that the procedure will immediately commence on all properties that owe a tax more than 3 years in arrears.

Boundary Roads
Snowdon Township

Report was received regarding boundary roads with Snowdon Township. Council directed that the complaints of the Minden ratepayers be made known to the Township of Snowdon and suggest the various alternatives to improving the service.

Auction Sale
76-236

A. Coneybeare-H. Johnson: That the auction sale as proposed by J. Pillsworth by letter dated July 30, 1976 be approved. Carried.

Legal Access
Plan 454

Letter was received from Mr. C.R. Green, Solicitor requesting designation of the 66' Municipal property as a road allowance to provide clear and unquestionable legal access to Plan 454. Council felt such a by-law was not necessary at this time and the applicant is to be advised that Council has no objection to the private road now used as access to the plan.

Relocated Hydro Pole
Lot 7, Conc. A, Anson
76-237

D. Pritchard-A. Coneybeare: That the hydro pole and lines within the area of road reconstruction in Lot 7, Concession A, Anson Township be moved at the estimated cost of 1595.00 pursuant to the letter from Ontario-Hydro dated July 30, 1976. Carried.

Sunnybrook Bridge
Closure - Repairs

Mr. Gordon Monk, Mr. Ed. Teachman and Mr. Sid Brown were present requesting Council to maintain vehicular access across the Gull River during the major repair work to be done to the Sunnybrook Bridge. Letter was also received from Dr. John Purc.

76-238

R. Gorrie-D. Pritchard: That a telegram and follow up letter be sent to the Department of National Defense requesting the immediate installation of a Bailey Bridge across the Gull River while the repairs are made to the Sunnybrook Bridge. Further that the same request be made to the Provincial Ministry of Transportation and Communication. Carried.

Transfer Pt. Hwy #35
Lot 31, Conc. A, Hindon
76-239

R. Gorrie-D. Pritchard: That we accept the transfer of part of old Hwy. #35 in Lot 31, Concession A, Hindon Township from the Ministry of Transportation and Communications on the condition

that we are not asked to assume responsibility for the maintenance of any roadway on such land. Carried.

Historical Plaques
76-240

R. Gorrie-H. Johnson: That we research and prepare submissions for the erection of historical commemorative plaques as outlined in the report from the Clerk-Administrator dated August 2, 1976. Carried.

Boat Launch Areas

Report was received from the Clerk-Administrator regarding Boat Launching Areas. Cost Estimates and detailed report is to be prepared for Council's consideration for the 1977 Budget.

Tamarack Study
Minden Park
Natural Resources
76-241

A. Coneybeare-D. Pritchard: That was approve the Tamarack "Plus" Trees project in Minden Park as outlined in the letter from the Ministry of Natural Resources on the condition that the project will not hinder any work authorized by Council in this area. Carried.

Official Plan
Canning Lake
Cottagers Assoc.

Letter was received from the Canning Lake Cottagers' Assoc. recommending the initiation of an Official Plan for the Municipality. The Association to be advised that this Municipal Council is in favour of such a plan and the County of Haliburton presently has a Committee working on such a plan for the entire County. Carried.

Recreation facilities
in Ingoldsby

Letter was received from Mr. Gerard Feltham regarding recreation facilities in the Ingoldsby area. The Clerk-Administrator is to reply to the letter and meet with the correspondent and a committee to pursue the matter.

Plan of Subdivision
Mountain Lake

Proposed plan of subdivision in Lot 3, Conc. 6, Minden Township was received from the Ministry of Housing. A meeting with Ministry Officials is to be arranged to settle this matter.

12 Mile Lake Rd. W.

Correspondence was received from Mr. M.N. Skinklé, Mr. & Mrs. Bernard C. Lee, Ministry of Transportation and Communications to J.W. Jeavons and M.T.C. regarding the new 12 Mile Lake Road and the present Municipal Road in front of Hart Lodge.

Council decided to abandon all hopes for an out-of-court settlement and the Municipal Solicitor is to be instructed to proceed with the injunction to finalize the matter. The Road Superintendent was directed to make improvements to the old roadway and By-law 76-49 was passed prohibiting parking on the old roadway because of its narrow nature and congestion of traffic.

Fence Dispute
Little Boskung Lake

The By-law Officer reported on the fence dispute adjacent to the road near Little Boskung Lake involving Messrs. Say and Clubine. Fences belonging to either property owner now on the Municipal road allowance are to be removed immediately.

Boat House Relocation

Letter was received from Mr. L. Thelwell requesting 6 months additional time to remove his boat house. Council directed that the stipulated removal date of

September must be maintained.

Illegal Fence on Road Allowance
Horseshoe Lake
76-242

R. Gorrie-H. Johnson: That the illegal fence placed on Municipal road allowance in Lot 10, Concession 5, Township of Minden be removed by the Public Works Department after August 16th, 1976. Further that the costs involved be charged against the property facing each

the property facing said fence. Carried.

Petition for Road
Anson Township

Mr. Harold Crane was present on behalf of his son Sid Crane with a petition from various property owners in Lots 1 to 11, Concession 2 and 3, Anson Twp., requesting that Council construct and/or repair a roadway leading to their properties. The Clerk is to send a letter outlining the provisions of the local Improvement Act.

Sailboat Course
Soyers Lake
76-243

R. Gorrie-H. Johnson: That the Municipal Council has no objection to the proposed sailboat course on Soyers Lake as sponsored by the Soyers Lake Ratepayers Association as outlined in the letters received from Miss Marnie Blair and Mr. W.L. McCorrison. Carried.

Tax Write-Offs
76p244

R. Gorrie-H. Johnson: That Applications 76-45 to 76-53 inclusive under Section 636 (a) of the Municipal Act be approved in the amount of \$372.52. Further that application 76-1 under Section 636(A) of the Municipal Act be approved in the amount of \$22.49. Carried.

Old Ingoldsby Road
76-246

R. Gorrie-H. Johnson: That the Clerk and Road Superintendent be directed to review the condition of the Old Ingoldsby Road and report back to Council what action can be taken in 1976 subject to the normal budget restrictions and make repairs where necessary, immediately. Carried.

Body Work - Parks and Recreation Truck
76-247

R. Gorrie-D. Pritchard: That the quotation of Minden Collision Service for repair and repainting of the Parks & Recreation Pick-up be accepted in the amount of \$495.86 being the lowest quotation received. Carried.

Policy #21 - Work on Unopened allowances
76-248

H. Johnson-D. Pritchard: That Policy #21 regarding work on unopened concession or road allowances be approved and incorporated into the Book of Policies. Carried.

Policy #22 - Additions to Bldgs. with 66 ft. Set-Backs
76-249

R. Gorrie-A. Coneybeare: That Policy #22 regarding additions to present buildings wholly or partly within 66' of the present normal high water mark be approved and incorporated into the Book of Policies. Carried.

Proposed development
Conc. 6 & 7

Mr. Lloyd Ball and Mr. Larry Medley were present to review the proposed agreement. The agreed upon changes are to be made for the next meeting.

Ontario leads the way

The Anti-Inflation Board has recieved about 17,614 complaints from consumers to July 12, with food and insurance each accounting for about 21 per cent of the total. Statistics are compiled by the AIB public inquiries section and forwarded to the monitoring system for use in cross checking statistics the Board receives from companies.

Residents from Ontario and Quebec make the most

complaints with 6,629 (38 per cent) and 3,756 (21 per cent) respectively, while the three prairie provinces had 3,796, the Atlantic provinces 1,125, British Columbia 2,146 and the Northwest territories and the Yukon 60. The total also includes three foregin and 99 from unknown sources.

Ontario and Quebec again accounted for the most enquiries with 49 per cent and 20 per cent respectively.

Gems of Truth

At the first church conferences ever held the theme of their discussion was "whether works were necessary to salvation. Acts 15. Some of the Jews said yes, thereby contending that apart from circumcision, "ye cannot be saved. verse 1. Others declared that Gentile believers must keep the "Law of Moses" as well as

undergo the circumcision rite. verse 5.

It was here that Peter, the Apostle, stood up and refuted the idea, since he saw what the Lord had done to Gentiles who believed in Him. Peters words to the assembled conference were filled with deep respect for the way God was accepting Gentile sinners on the simple ground of "faith alone."

True Christian humility is shown by Peter when he said "But we believe that through the grace of the Lord Jesus Christ we shall be saved, even as they." verse 11. It would have been most natural for Peter the Jew to have said, "they should be saved, even as we" (Jews). Instead, he put the Gentile faith in the Saviour first, because he saw how God

saved them who were without the "law of Moses."

Is it not true that wherever God's purpose in "grace" is upheld, Satan strongly opposes? The reason seems to be because "grace" brings all the glory to God for salvation received. If anyone could do just a little bit toward their salvation, that one would certainly want to take the credit for it. But man is shut up to the "grace of God" and to faith in Christ Jesus for salvation, in order that no flesh shall glory in the presence of God. 1 Cor. 1:29

Forest management report made public

The result of a year-long, in depth evaluation of forest management in the province were made public by Ontario Natural Resources Minister Leo Bernier.

The report, "Forest Management in Ontario 1976" was prepared by Professor K.A. Armson of the Faculty of Forestry and Landscape Architecture, University of Toronto.

"The Armson report contains 60 specific recommendations, along with much valuable information relevant to our ongoing efforts to improve forest management in Ontario," Mr. Bernier said.

Professor Armson was engaged by the Ministry of Natural Resources to carry out an investigation of forest management in the province with emphasis on silviculture and professional practices. In addition, he was asked to evaluate efficiency and effectiveness of staff and programs, and determine whether Ministry resources were adequate to achieve its objectives.

His 166-page report underlines the already recognized need for considerable escalation in silviculture, especially in activities related to the regeneration of forest lands after harvesting and natural disturbances, such as fire, and insect and disease attacks.

"Within the limits of available funds and other resources, our regeneration program will be intensified as required to meet the projected needs of the province," Mr. Bernier said.

Professor Armson's study is an extension of a long-standing government policy to carry out periodic public review of the management of the province's forests. Other such studies were the Kennedy Royal Commission Report of 1947 and the Report of the Forestry Study Unit in 1967.

Mr. Bernier said the study had been valuable in providing an opportunity for Ministry personnel at all levels to express candid opinions on the status of forest management in Ontario to an experienced and renowned professional forester outside the civil service.

"Professor Armson made particular effort to meet with representatives from Ontario forest industries because of the importance of their position in any forest management program. He also visited with forest authorities and industry representatives in other provinces, as well as the United States.

"I hope the report will evoke comments and recommendations from interested members of the public," he added.

The Blakley Singers, a group of Canadian Christian musicians and singers will be performing at Haliburton High and Secondary School Aug. 27 and 28 and at Allway Pentecostal Church Aug. 29.

A news release states, "They now work out of Nashville, Tenn., and have performed in concerts, churches, fairs and auditoriums across the United States and Canada. They have appeared on many radio and television programs as well as hosting their own T.V. Christmas special."

The release goes on to note that the Blakley Singers are one of the most popular gospel groups today. "Their recordings are some of the greatest on the Gospel recording scene. Each week they take their style of Gospel music and ministry to churches and auditoriums in personal appearances," the release states.

The release adds, "The Blakley Singers are a happy group and their enthusiasm is contagious. They sincerely believe that they are called of God to this ministry and they believe that a Christian should enjoy this salvation. That's why they travel across the United States and Canada singing about the Christian Life."

The group has six albums to its credit and a seventh is in the makings. Garnet Blakley, manager of the group, has written a number of songs, some have been published and recorded.

The performances at the high school begin at 7:30

Smiley column wins association award

Bill Smiley, a high school teacher whose column of humorous observations on Canadian life appears in more than 135 weekly newspapers, was honoured today by the Canadian Community Newspapers Association for the best column in a weekly newspaper.

He was the first recipient of the George Cadogan Award. The presentation was made at the CCNA convention here.

Mr. Smiley is head of the English department of the Midland, Ont., high school. He was the publisher of the weekly Wiarton, Ont., Echo before entering teaching. A veteran of the RCAF, he spent several years in a German prisoner of war camp during World War 11.

Bill Smiley began his column when he was publishing the paper in Wiarton. Editors of other Ontario weekly papers began to reprint it, and in 1961 distribution was taken over by the Toronto Telegram Syndicate. It is now distributed by The Argyle Syndicate of Toronto.

Blakley singers at H.H.S.S.

The Blakley Singers, a group of Canadian Christian musicians and singers will be performing at Haliburton High and Secondary School Aug. 27 and 28 and at Allway Pentecostal Church Aug. 29.

A news release states, "They now work out of Nashville, Tenn., and have performed in concerts, churches, fairs and auditoriums across the United States and Canada. They have appeared on many radio and television programs as well as hosting their own T.V. Christmas special."

The release goes on to note that the Blakley Singers are one of the most popular gospel groups today. "Their recordings are some of the greatest on the Gospel recording scene. Each week they take their style of Gospel music and ministry to churches and auditoriums in personal appearances," the release states.

The release adds, "The Blakley Singers are a happy group and their enthusiasm is contagious. They sincerely believe that they are called of God to this ministry and they believe that a Christian should enjoy this salvation. That's why they travel across the United States and Canada singing about the Christian Life."

The group has six albums to its credit and a seventh is in the makings. Garnet Blakley, manager of the group, has written a number of songs, some have been published and recorded.

The performances at the high school begin at 7:30

Detachment investigates 23 accidents

Members of the Minden Detachment of the Ontario Provincial Police investigated 93 general occurrences and 23 motor vehicle collisions during the period from Aug. 9 to 15.

There were seven compassionate messages delivered, four persons were charged with Liquor Licence Act violations, two person were charged with impaired driving and one break-in was investigated.

In Memoriam

McKELVEY - In loving memory of a dear mother and grandmother Dossie who passed away August 14, 1973.

You asked so little in life mom
And suffered more than your share.
Your life was devoted to others
With your love, guidance and prayer
The years we had together
Will be sweet memories our life through
With heartfelt pride, we remember
Being blessed with a mother and grandmother like you.

Sadly missed by daughter
Jean, son-in-law Earl,
grandchildren Gloria, Larry,
Maxine and Corbie.

\$Cash for your Property\$

In Memoriam

WOODCOCK - Treasured memories of our dear daughter and sister, Kaylene, who left us suddenly August 17th, 1973.

To your resting place I visit,
And place flowers there with care,
But no one knows the heartaches
When I turn and leave you there,
May the winds of Heaven blow gently
On that quiet peaceful spot
Where my darling daughter lies sleeping
And will never be forgot.

Forever in our thoughts,
Mom, Wallie, brothers and sisters.

CRAWFORD - In loving memory of a dear wife and mother Bernice who passed away August 14th, 1972.

There is no parting from those we love
No distance can divide
For today in memories garden
We still walk side by side
Each dawning day a thought of her,
At eventide a prayer
For in the hearts of those that love her
She always will be there.

Lovingly remembered by
husband Russell and son
Lockey.

WEDDING

Mr. and Mrs. Arnold Walker are pleased to announce the forthcoming marriage of their daughter Gwendoly Gladys to Mr. Albert James Hewitt, son of Mr. and Mrs. Murray Hewitt.
On Saturday, August 21 1976 at 4:30 p.m. at Minden United Church

Mr. and Mrs. Garfield Miller are happy to announce the forthcoming marriage of Susan Mina Marie Barry to Mr. Arthur Major Jr. Son of Mr. and Mrs. Arthur Major Sr. Wedding will take place at the Maple Lake United Church on Saturday, August 21st, 1976 at 3:00 p.m. Dance at Minden Arena Auditorium at 9:00 p.m.

Friends and relatives welcome. Music by - Jeff Barry's Band.

Mr. and Mrs. Earl Shipley are happy to announce the forthcoming marriage of their eldest daughter, Irene Ella, to Mr. Gerald Michael Rodgers, son of Mr. and Mrs. Albert Rodgers of Oshawa, Ontario. Wedding to take place in Haliburton United Church on August 28, 1976 at 4 p.m.

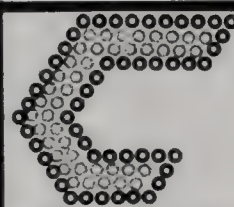

Ontario summer olympic games

The 1976 Ontario Summer Games will be held in the Ottawa-Carleton Region on Labour Day weekend, September 4, 5 and 6.

Seven municipalities of the Ottawa-Carleton Region - Ottawa, Nepean, Vanier, Gloucester, Cumberland, Goulbourn and March - will participate as hosts for the Games.

The Games management committee includes representatives from the seven municipalities together with sports and fitness division personnel of the Ministry of Culture and Recreation.

Since 1973, when the first Ontario Summer Games were held in Oshawa, the Games have become the major focus for athletic competition in Ontario. This year over 2,500 athletes and officials are expected to participate in 21 sporting events. These athletes have qualified by competing in local and regional trials throughout the province.

COCKTAIL WAITRESS for Lounge. Apply in Person. **Beaconbrook Motor Hotel** Haliburton, Ontario

Browndale Community Based Treatment Centres have immediate child care staff and trainee positions available in Barrie, Haliburton, Huntsville, Midland, Newmarket, North Bay, Peterborough, and Thunder Bay. We offer exciting opportunities to work and to learn as part of a team of professional and non-professional persons. The positions entail the functional parenting of problem children from pre-school through adolescence in small family units in the community.

Requirements include: B.A., good sense of humour, and an ability to involve and share with children and families.

Reply, in writing, with resume to: Marsha Hardy, c/o Browndale, P.O. Box 19, Postal Station 'P', Toronto, Ontario M5S 2T3.

Haliburton County Library requires a person with a B.L.S. or M.L.S. degree for the position of County Librarian. Salary and hours negotiable. Apply in writing to:

Mary Packard, Secretary-Manager,
Haliburton County Public Library,
P.O. Box 119,
Haliburton, Ontario
K0M 1S0

From the Chamber

by Bob Stinson

A news letter went out this week to all members and we urge them to give it their immediate attention. We realize that at this busy time of year it is a problem to give proper consideration to your mail but we must plan now for fall and winter promotions and we require your input in order to get things underway.

Information on the new community calendar is included in the news letter. We hope to have all service and social clubs include the dates of their functions for the coming year on this calendar and it should be of considerable assistance to anyone who wishes to make use of it. Any individual may purchase one of these calendars for \$2.50 and your anniversary and birth dates of the family will be listed on the respective dates on all the calendars. For more information contact the Chamber office or any of the Directors.

We are extremely sorry to report this week that one of our member, Pine Grove Point, in Harcourt was severely hit with a tornado last week. Joe and Jackie Atkinson are still in the midst of digging out from under the devastation. They lost about 100 trees, their recreation hall, and had considerable damage to cottages and trailers. It was considered a miracle that no injuries were sustained by any of the guests at the park. A great number of their neighbours have come forth to help them clear the debris and we understand more help is on the way. That's one of the nice things about living in Haliburton.

The Ministry of Industry and Tourism reported this week that Tourism was down this summer by at least 15%. In our area we have had some difficulty in assessing this. Most retailers we have talked to, are either holding about even or they are up a bit over last year. One service station reported his gallonage up at least 35% over any other year. Cottages were booked ahead almost to capacity before the season but have had more cancellations than usual. Resorts vary from being up 20% to down 50%. The only clear trend are campsites which are all down except for those relying heavily on seasonal campers.

The ministry advises that rates are going to have to be kept reasonable in order to keep the tourists coming, but at the same time costs to the operators are still going up. We also note that tourists are asking for more and more comforts all the time and to be competitive operators are going to be required to continually upgrade their establishments - without raising rates. A reduction in the interest rates for tourism loans would certainly help, and other than that we would have to say it's a matter of tighten your belt and work harder!

A final note on the topographical maps - they arrived, out of 150 over 100 have been sold and a new order has been placed for additional stock. Barring any unforeseen problems we are really in the map business.

DUSK TO DAWN

The sun sets in flames
Of crimson and gold,
And high in that wide
Far flung outer sphere,
Drifting serenely,
Silent and cold,
The silver moon hangs
A luminous tear.

And way way down under
A deep rutted pool,
Pensive, reflects
The transient scene,
Midst deep crowding shadows
Shines like a jewel
As gathering night
Increases her lien.

And a cool little wind
Goes puff through the reeds,
Piping so low,
A sweet plaintive tune
Prompted the sonorous
Bull frog he heeds
Inflating his throat
To a big bass balloon.

and the little brown owl
With its big wondering eyes
Inquisitive, adds a sweet dulcet hoot,
While great limpid stars
Are crowding the skies
And little green frogs
Beep back in salute.

Tis the hour Father Time
Puts his seal on the day,
Turns the page on vents
That are gone.
To the west all of night
Is ghosting away,
And Venus will usher the dawn.

Wm. Watson

10 muskies in 11 days

Sandy Acres on Elephant Lake proved to be the proverbial fishing hole for the Robert Zieminick family of Buffalo N.Y.

The family landed 10 muskies of keeper size in 11 days they were on the lake.

The largest caught by Bob was a 42 inch 24 pounder. Bob also reported that he had a real monster to the net but lost it.
